RTD Flash Tool Instructions

HP Tuners TDN Network

This installation requires a mobile device running Apple iOS or Android and needs to have internet access at the vehicle.

Please take the vehicle to a dealer and verify that the vehicle is on the latest calibration offered from the OEM before proceeding.

1. Go to MagnusonSuperchargers.com and click on the Support tab and then click Support (Shown at the arrow).

The screenshot shows the Magnuson Superchargers website. The navigation bar includes 'Superchargers', 'Parts', 'Magnuson Merch', 'Find an Installer', 'Support' (highlighted with a black circle), and 'About'. A dropdown menu is open under 'Support', with a red arrow pointing to the 'Support' link. The main content area features a 'Calibration Support' heading, contact information for support@magnusonsuperchargers.com, and a section for 'HP Tuners' with links for installing the TDN App and initial device setup for both Apple and Android. There are also links for Magnuson Handheld software and Toyota Flash Tool software/drivers.

2. Click on the link "Installing the TDN App"

Follow the instructions and setup the device on your Apple or Android product.

This is a close-up screenshot of the 'HP Tuners' section of the website. It highlights the link 'Installing the TDN App' with a red arrow. Below it are links for 'Initial Device Setup (Apple)' and 'Initial Device Setup (Android)', along with the URL: https://tdn.hptuners.com/help/Content/TDN_App/Initial_Device_Setup_Android.htm

3. Once you have submitted your stock read file it can take 24 hours (Monday to Friday) to get a calibration and/or credits transferred to your tool. You will get a notification and email from the TDN app when your file is ready to installed into your vehicle. NOTE: Your file may show up before your credits. Credits are transferred Monday – Friday 7 am to 3pm.

If you have any troubles with this process contact our technical support at support@magnusonsuperchargers.com or call 1-805-642-8833 (Press Option 3).
